Report of: SSA Charles R. Joyner,

Report Date: April 30, 2007

PRODUCER INFORMATION

A re-inspection was conducted of Darkside Entertainment pursuant to 18 USC 2257 and 28 Code of Federal Regulations Part 75. The re-inspection was conducted at Darkside Entertainment on 04/09/2007, at 14141 Covello St., #5B, Van Nuys, CA 91405. The initial inspection of Darkside Entertainment was conducted on 09/12/2006. Several violations remained unresolved from the first inspection, creating a need for the re-inspection. [REDACTED] manager of Darkside Entertainment, phone number (818)778-6537, granted access and was present during the inspection.

INSPECTION SUMMARY

DVDs produced by Darkside Entertainment were ordered from the internet. Contract inspectors reviewed four DVDs in addition to the nine DVDs from the first inspection and identified all performers by stage name or by still photographs taken from the video. All videos reviewed contained the required 2257 information in the proper format. A total of 37 performers were identified as appearing in the four DVDs, and 78 performers were previously identified as appearing in the nine DVDs from the first inspection. Prior to the inspection, contract inspectors printed several still photographs of each performer's face from different camera angles. During the inspection, the still photographs were compared with the performer identification on record to ensure the identification was, in fact, of that performer.

After the re-inspection on April 9, 2007, it was determined Darkside Entertainment had 2257 violations, including identical violations from the first inspection. Violations that remained unresolved from the first inspection on 09/12/2006 included no 2257 records were available for the movie "Around the Way Girls," the photo identification of [REDACTED] (P-1) was not identifiable, and performer names were not cross-referenced. No new violations were discovered from the additional four DVDs reviewed. Details of the violations are listed in the findings section of this report. Copies of available pertinent records were made by the inspection team.

During this inspection, all provisions of 18 USC 2257 guidelines were followed by the inspection team.
